

# Squash is joining the Olympics in 2028

**Have you heard the news? After decades of trying, the International Olympic Committee has announced that squash is going to be added to the Los Angeles Olympics in 2028.**

Top squash players from around the world will now have the opportunity to compete on the world's largest stage with two medal events - men's and women's singles competitions.

World Squash Federation (WSF) President Zena Wooldridge said, "Squash is an amazingly dynamic, diverse, and demanding sport that is perfectly suited for the Olympic Games. Everyone involved in our sport is elated to be LA28 bound and we look forward to being part of an unparalleled Olympic Games experience."

We'll be closely watching Team Canada over the coming years in the hopes that we'll be able to cheer on a Canadian or two when LA28 begins!
